

Alexandria Gazette.

WEDNESDAY EVENING, AUG. 9, 1905.

Local Matters.

Sun and Tide Table.

Sun rises tomorrow at 5:57 and sets 7:03. High water at 2:55 a. m. and 3:28 p. m.

Weather Probabilities.

For this section rain tonight. Thursday partly cloudy; light to fresh south to south-west winds.

New Railway Project.

The Virginia corporation commission has granted a charter to the Washington and Virginia Transit Company, with power to construct and operate an electric line for passenger and freight transportation, the line to begin at or near the south end of the new highway bridge across the Potomac and extend through Alexandria, Fairfax and Loudoun counties to Aldie, a distance of about thirty-five miles. The proposed line will take in Glencaryn, East and West Falls Church, Fairfax Court House, Centerville and the Bull Run battlefield, and will give easy access to an extensive and prosperous farming country between Fairfax and Aldie.

Enterprise in this matter is evidenced by the fact that right-of-way has already been secured over a considerable portion of the contemplated route, and arrangements are now being made to begin work of construction in the early autumn. All the officers and directors of the company are men now living on the line of the proposed road, and some of them are business men of Washington city who know the growing need of desirable railway communication between their section of Virginia and Washington.

The officers and directors are: President, M. E. Church of Falls Church, Va.; first vice president, W. C. Pennitt of Glencaryn, Va.; second vice president, M. C. Mitchell of Glencaryn, Va.; secretary, John B. Henderson, jr., of Ballston, Va.; treasurer, Charles A. Kolb, of Barcroft, Va. Directors: Gen. S. A. Burdett of Glencaryn, J. E. Douglas of Aldie, C. E. Town and Charles H. Seaton, both of Glencaryn.

Deaths of Former Residents.

Dr. T. G. Lockerman, one of the oldest residents of Georgetown, was found dead in his bed yesterday morning at his residence, 3226 N street northwest. He had been in feeble health for some time. Mr. Lockerman was born in Kentucky in 1825 and came to Georgetown about 1875, previous to which time he practiced his profession in Alexandria. He was one of the foremost of American dentists. Mr. Lockerman was a member of Potomac Lodge, No. 5, F. A. A. M. (York Rite), as well as of the Scottish Rite, and in 1901 attained to the thirty-third and last degree of Scottish Rite Masonry. He was a member of Christ Episcopal Church, Georgetown. Mrs. Lockerman died several years ago.

Mr. Albert Waterman, aged 21 years, son of Mr. Moses Waterman, formerly of this city, died at his home in Baltimore early this morning. Last January while practicing in a gymnasium he fell and injured his chest. Consumption followed and this morning he died.

Death of Mr. Wingfield.

Mr. Samuel P. Wingfield, a well-known resident, died at his home on Patrick street, between Prince and Duke, at an early hour this morning. The deceased had recently been critically ill. He leaves a widow and one child. Mr. Wingfield was a native of Lynchburg, but had lived in Alexandria for several years, having conducted a saloon at the northwest corner of Duke and Fayette streets. The deceased was a member of the Red Men, Elks and Eagles of this city, and two members of each organization will accompany the remains to the Southern Railway depot tomorrow morning, from which point they will be forwarded at 7:55 o'clock to Lynchburg. Deputations of the three orders in the latter city will receive the remains upon their arrival there.

Disorderly Proceedings.

As was stated in the Gazette at the time, a row occurred between two women at the corner of Princess and Pitt streets about 7 o'clock last Monday morning in which a man became involved. The women had been riding about the neighborhood in a hack and becoming disorderly the driver had refused to transport them any farther. During the disturbance one of the women was struck over the head with a bottle. Officers Roberts and Young today arrested the parties and they left collateral for their appearance in the Police Court at 2 o'clock this afternoon.

When the case was called this evening the parties concerned failed to appear and forfeited their collateral.

Accident on Trestle.

The electric train which left Washington at 10:30 o'clock last night had a narrow escape while on the trestle over Columbia turnpike, a short distance this side of the Long Bridge. A horse had made its way out on the structure and was struck by the train while the latter was going at rapid speed. The animal was killed and the cars jumped the track, but fortunately remained on the bridge. The body of the horse had to be cut in pieces and forced through the structure to the road. Some difficulty was experienced in replacing the cars on the rails, and travel was impeded until 1:05 this morning.

Police Court.

[Justice H. B. Caton presiding.] The following cases were disposed of this morning:

Alfred Lane, jr., colored, arrested by Officer Henderson charged with disorderly conduct, was fined \$2.50.

Five negroes—two men and three women—arrested by Officers Mayhugh and Patterson charged with disorderly conduct, were arraigned. Two were dismissed and the others fined \$5 each.

John Hall, a colored boy, arrested by Officers Bettis and Nicholson charged with cutting another colored boy named Albert Jordan, was fined \$5.

Fire.

Shortly before one o'clock this morning an unoccupied frame house on the corner of the alley on Royal street, between Duke and Wolfe, was found to be burning. There was at first some confusion as to the location of the fire, but the apparatus finally reached the scene and subdued the flames before any serious damage resulted. There is every reason to believe the house was set on fire, as high weeds leading to the place where the fire started were found to be trodden down.

Personal.

An engagement of much interest which has just been announced, is that of Miss Margaret Page Dame, the eldest daughter of Rev. and Mrs. Nelson Page Dame, of Ossining, N. Y., to Mr. William C. Worthington, of Washington. The wedding, it is stated, will be solemnized within the near future, but the date has not yet been determined upon. The ceremony will take place at Ossining, N. Y., where Miss Dame now makes her home, and a number of Winchester people will be present.—[Winchester Star.]

Mrs. Samuel Walker has returned from a visit to Ryan, Loudoun county. Rev. Edgar Carpenter, accompanied by Mr. Talbot McCuen, left last night on the Norfolk steamer for the Eastern Shore of Virginia to spend his vacation. Miss Myra Lee Cavalier has gone to Bluemont for her vacation.

Dr. E. A. Gorman has returned from Colonial Beach.

Rev. J. Murray Taylor, pastor of the H. Street Christian Church, Washington, was quietly married yesterday at noon to Miss Daisy Taylor, a popular church soloist, at the home of her mother, 864 Four-and-a-half street southwest, by his brother, Rev. J. J. Taylor. After the knot had been tied the couple left on a Chesapeake and Ohio train for St. Louis and California, where they will attend the International Christian conference. The bride is well known in Alexandria, having often appeared in the church choir in this city.

Mrs. W. G. Rogers, has gone to Union, Loudoun county, to spend a few weeks.

Mr. J. E. Kidwell, former assistant manager of the Southern Railway, has accepted a similar position at Lusena, Panama. He sailed from New York last week for his new post of duty. His family will join him later. Mr. Kidwell carries with him the best wishes of former employees together with relatives and friends for his future success.

Funeral.

The funeral of the late Miss Judith Cutler, sister of Rev. H. J. Cutler, pastor of St. Mary's Church, in this city, who died in Baltimore on Sunday, took place this morning from St. Mary's Church. The services were celebrated with a solemn high requiem mass, with Rev. Dr. J. Coleman, of Fredericksburg, celebrant; Rev. Dr. Flinn, president of Mount St. Mary's College, deacon, and Mr. Wm. D. Delaney, of this city, who is studying for the priesthood, as subdeacon. A sextette, under the leadership of Mrs. Jacob Brill, and assisted by Miss Mai R. Greenwell, sang the beautiful and solemn funeral service. Rev. Dr. Flinn preached the sermon. Among other things he said that though a stranger in the city, it had edified him to have seen so many sincere expressions of sympathy for Father Cutler not only by Catholics, but by Protestants, which showed the high regard in which the pastor of St. Mary's Church was held in the city. He closed by paying a beautiful tribute to the life of the deceased. The pallbearers were Dr. M. D. Delaney, Dr. E. A. Gorman, Messrs. J. P. Laphen, F. T. Quinn, Thomas C. Hoy, J. D. Normoyle and Walter M. Donnelly. The floral offerings were numerous and beautiful.

Coroner's Inquest.

Justice Triplett, of Fairfax county, yesterday afternoon viewed the remains of the five Italian laborers who were killed Monday evening by jumping from a work train near Seminary Station in front of the engine of a work train, and concluded to hold an inquest. The jury was composed of residents of Fairfax county, and after several witnesses had been examined a verdict was rendered exonerating the railway companies and the contractors from blame. As was stated in the Gazette, the bodies of four of the men will be interred in Bethel Cemetery, and that of the fifth one will be buried in St. Mary's Cemetery.

Corporation Court.

[Judge L. C. Barley presiding.] Maggie McKee Herring vs. Charles A. Herring; decree for divorce. The legal papers were filed setting forth that Charles M. Griffin, jr., had adopted Lucile Monroe as his child and changing her name to Lucile Griffin. Court adjourned till the September term.

LOCAL BREVITIES.

A called meeting of the Columbia Fire Company will be held tonight. Mr. Joseph F. Rodgers has been awarded the contract for constructing the dormitory at the Episcopal high school, near this city.

The northbound trains on the Washington Southern Railway were several hours late today, but no reason was given by the officials here.

The case of Mrs. Catherine Makely vs. the Southern Railway Company, a suit for damages, is still being heard before Judge Nicol at Massas.

Marriage licenses were issued in Washington yesterday to Henry B. Thompson, of Culpeper county, and Jennie C. Embrey, of Fauquier county.

The cloudy weather of yesterday was followed by rain late in the evening. There were also showers during the night, followed by others today. The atmosphere has been at times oppressive. The weather became fair this afternoon.

On her way up the river a few days ago the light house steamer Jesamine stopped off Jones's Point light, below Alexandria, and an examination of the structure was made, and other work was mapped out to be done in order to put the light in good condition for the efficient service required by the lighthouse authorities.

At 2 o'clock this afternoon additional tests of an endless chain fire escape were made at the Hotel Fleischmann in the presence of Mayor Paff, Chief Petty, City Engineer Dunn, the members of the board of fire wardens, and a number of other city officials. All expressed themselves as being well pleased with the device.

TELEGRAPHIC BREVITIES.

Three new cases of yellow fever and one death are reported from Panama by the Panama Canal Commission today.

General Emmon Clark, a former colonel of the Seventh Regiment of the New York State National Guard, died at his home in New York today, aged 78. He served with the Seventh Regiment during the civil war.

All records were broken last week in the number of patents issued by the United States Patent Office, the total being 844. The next highest issue for any one week was 828, in May 1903. The inventions upon which patents were granted last week were of all sorts, from tin whistles to steam engines.

Rear Admiral Charles E. Clark, who commanded the Oregon on her run from San Francisco to the West Indies and during the naval battle at Santiago, will retire from active service tomorrow, having reached the age limit. Rear Admiral Clark was born in Vermont August 10, 1843, and has served nearly 45 years in the navy.

Bombed by Russian Gunboat.

A dispatch from Cana, Crete, says the Russian gunboat Khraby has bombarded and destroyed Castelli on the north coast of the island of Crete, about 18 miles east of Retimo, because the insurgents there opposed the landing of a Russian force to take over the custom house. A boat party which was sent ashore from the Khraby was repulsed, whereupon the Russian commander, after warning the insurgents to remove the women and children, opened fire. The insurgents returned the fire with small arms, wounding two Russians. The bombardment continued until the village hoisted the white flag.

There have been disturbances in Crete for a considerable length of time, the Cretons being in revolt to obtain a greater degree of independence than they now possess. Prince George of Greece is the high commissioner of the island, having been named by Great Britain, Russia, France and Italy in 1895. The Porte recently sent a circular note to its representatives in London, Rome, Paris and St. Petersburg on the subject of the revolutionary movement in Crete, expressing the hope that the powers would maintain the status quo and re-establish order in the island.

Mr. Davidson's Return.

Former Mayor Robert C. Davidson, of Baltimore, whose disappearance from that city last May created a sensation, has returned to Baltimore and effected a reconciliation with his wife, Mr. and Mrs. Davidson are now making their home on Robert street. To a reporter last night Mr. Davidson made the following statement: "Mr. Davidson desires to say that he realizes his terrible mistake and is willing to exert himself to the utmost to make amends." The announcement of the disappearance of Mr. Davidson was made in Baltimore on May 23 and fell upon the city like a thunderbolt out of a clear sky. About the same time Miss Laura B. Noyes, a trained nurse, whose home had been at Port Deposit, Cecil county, and with whom Mr. Davidson had often been in public, also departed.

Tribute of Respect.

The following resolutions were adopted at a special meeting of the Young Men's Sociality League, held August 8, 1905:

Whereas, It has pleased Almighty God in his infinite wisdom to remove from our midst Miss JUDITH CUTLER, the beloved sister of our beloved pastor, Rev. H. J. Cutler; and

Whereas, The community in which she lived has lost a noble woman, her church a devout and affectionate sister; therefore, be it

Resolved, That we deeply mourn the loss of our beloved pastor's sister and we pray God may bless and support him under his heavy affliction.

Resolved, That a copy of these resolutions be sent to the bereaved brother of the deceased, and that a copy be published in the daily papers and also spread upon our minutes.

Looking to President.

Hundreds of miners from Mahanoy City, Pa., many of them foreigners, are making preparations to go to Wilkes-barre on Thursday to hear President Roosevelt's address. The majority of the miners believe that the President is going to Wilkes-barre to address them and not the Catholic Total Abstinence Union. They also believe that he is going upon the invitation of John Mitchell, president of the United Mineworkers. The officers of the union are telling the miners that Mr. Mitchell stands very close to the President and can induce him to do almost anything, even to turning the power of the federal government against the operators in case there is another strike and the miners put up as bold a front as they did in 1902. This latter argument is being used extensively by the agitators to strengthen the union for the strike which they are determined to declare upon the expiration of the present wage agreement on April 1, 1906. They believe that the conviction that the President is in direct sympathy with them, and that he believes that their union should be recognized by the operators, would greatly improve the morale of the miners, and they are sparing no effort to delude them into this belief.

Midshipman Jackson Found.

Midshipman Robert Jackson, of Virginia, who had been missing since a week ago last Friday, when he left his ship, the Missouri, then lying at New York, has been located by his father in Quebec. He was working to make enough money to return to his ship. He has gone to the Missouri at Bar Harbor, Maine, with his father. Jackson says his actions are unaccountable to him. As if he were in a trance, he says, he wandered away from New York. When he recovered his senses and realized the seriousness of his situation his first thought was to secret himself until he had made enough money to return to his ship and prove his honor. He is prepared to meet whatever punishment may be imposed, and declares his only excuse is that the first few days after he left his ship were blank to him. "In tracing him from Boston, through Montreal to Quebec," said his father, "I found unmistakable evidence that from the time he left the Missouri he was not himself, and that by some strange means his judgment had been rendered inactive. I am pretty well convinced of the cause, and shall leave nothing undone to get at the bottom of the strange affair."
